

## For Sale

### Triumph 1971 Mk2 2000 Estate

For Sale is TCCV's Life Member Syd Gallagher's Mk2, 2000 Estate, unfortunately Syd died before being able to restore it fully.

The body has been fully stripped, repaired, and finished with a complete body prep and respray in classic Old English White. The work was done professionally by the reputable classic car repairer, Peter Todd of Moorabbin and has been carefully stored since. The body is in marvelous condition.

The car is currently a rolling body, requiring the engine, O/D gearbox, and steering column to be fitted, along with the glass, dash, and all original interior trim and fittings. All the parts are there including the re-chromed special estate rear bumper blade.

The engine has been stripped, but there is a set of new oversized pistons, big end and main bearing shells, and other bits.

Very good estates go for well in excess of \$10k, Christine Gallagher, Syd's widow is asking for \$6k as is, and there are numerous additional saloon spares that will go free with the car.

Contact; Chris Gallagher. Ph 97726537, or Peter Truman, Mb 0418368093.
