

For Immediate Release

Hop To The Hop 2025

www.beachhoptournz.com

Specialist international enthusiast group travel company, Ticket2Ride Global Adventures, in association with the NGO charity 'connecthands', would like to let all car club people know that we will shortly be opening deposits for our great adventure as we plan to take a group of Australian car, bike and rock 'n' roll enthusiasts to the 2025 Silver Anniversary Repco Beach Hop, which kicks off in March 2025. Our Aussie Invasion Tour is sure to be a once-in-a-lifetime opportunity for tour members to meet their Kiwi counterparts and enjoy five days of uninterrupted fun while seeing some very unique cars on show and being driven in one of NZ's most scenic tourist spots.

"Our announcement of the tour in a recent Unique Cars magazine has stirred up a lot of interest," said Ticket2Ride's Chris Beattie, who is also a regular contributing writer for the magazine.

"We only have a limited number of spots available on the tour, so we'd encourage anyone who is seriously interested in coming to this landmark event, as well as spending time exploring all that the North Island has to offer, to either get in touch soon or register on our website."

Organisers will be accepting deposits to secure places on the inaugural 2025 Silver Anniversary Beach Hop Aussie Invasion which will be based in Whangamata on the Coromandel Peninsula, which is a truly spectacular part of New Zealand's North Island, with plenty of movies having been filmed there over the years, ensuring that tourists flock to the area to enjoy the incredible coastline and countryside.

The fact that we are launching our first tour to the Hop to coincide with the event's 25th Anniversary is deliberate because we want Aussie car, rock 'n' roll and bike fans to experience this landmark, once-in-a-lifetime event as the organisers will be going all-out to showcase the Beach Hop festival to the world!"

The inaugural Ticket2Ride 14-day 2025 Silver Anniversary Beach Hop Aussie Invasion will run from 24 March to 6 April 2025 and according to Chris, tour members are going to be able to do it in comfort and style, with the inclusion of campervan hire as accommodation at the Hop is very limited and difficult to secure due to the nature of the very popular, but relatively small tourist resort where the festival is held.

Repco Beach Hop founder and organiser, Kiwi car guru and legend Noddy Watts is working closely with tour organisers to ensure tour guests will enjoy some unique bonus features to make our Aussie enthusiast group feel very welcome indeed.

"Don't want to let too much out just yet, but tour members can be confident that they will be enjoying themselves far too much at next year's 25th Anniversary Repco Beach Hop," assured Chris.

Since 1995, Ticket2Ride has been taking Australian and Kiwi car and motorcycle enthusiasts to some of the world's most amazing events. From the famous Sturgis Rally and Daytona Bike Week motorcycle festivals, to major NHRA drag racing events such as the US Nationals and Winternationals, not to mention the inaugural V8 Supercars race in Shanghai, and F1 races, we have catered for all tastes and interests.
