Carbon Offset Scheme for Club members.

The Association Of Motoring Clubs (AOMC), in partnership with Greenfleet, is proud to announce a new initiative where motoring enthusiasts can support green programs in Australia through a carbon offset scheme.

Your support of this program demonstrates the enthusiast movements commitment to both the environment and the preservation of moveable cultural heritage and allows the AOMC to advocate that the environment and our heritage fleet can exist in harmony.

To play your part:

- Nominate how many kilometres you will travel each year in your historic vehicle(s).
- Pay a small annual fee to offset the carbon generated.
- It's that simple.

GreenFleet invests funds by planting and maintaining legally protected, biodiverse forests and since 1997 GreenFleet has planted over 10 million trees creating 500 native forests and your support enables this fabulous work to continue and thrive.

All donations to Greenfleet are tax deductible and you will also receive a certificate in recognition of your support.

To take part in this program, you can enter via the AOMC website at:
