

AMHF Economic Value Survey FAQs.

Q1: Why have I not received the “link” email from my club?

A1: We designed the survey so that it would be distributed via email. Therefore, if your club has not disclosed a contact email address on its website, we cannot contact them. If we missed your club for this or any other reason, please collect 1. the name of your club and the state you live in, 2. the name of a contact person and 3. the contact email for the club. A mobile number would also be helpful but it is not necessary. Then you can send this information to communications@motorheritage.org.au and we will send the link to your club for distribution to its members.

Q2: What if I do not own a Heritage vehicle?

A2: You do not have to answer all the questions to submit a valid survey response so you have two options. First, you can ignore this or any other question you cannot answer and go on to the next question. Alternatively, you can click on the lowest value range. The lowest value range usually starts at zero.

Q3: How will I get a copy of the completed Survey?

A3: We want to get the results of the survey to anyone who is willing to read it. Therefore, we will send a copy of the completed survey report to every club for which we have an email address, even if they have not distributed the link to their members. If you are not a member of a club, you will still be able to download a copy of the survey report from the AMHF website: www.motorheritage.org.au .

Q4: Can I submit data on how much I spend on my modern car?

A4: The short answer is no. We are only collecting information on heritage vehicles. However, you can submit data on all the other things that you spend money on in pursuit of your passion for heritage vehicles, like trips, club events and so on.

Q5. What do I do if I get the link from multiple clubs of which I am a member?

A5: You can only answer the survey once, so any attempts to complete the survey after the first one will not be possible. However, it makes no difference which link you use to complete the survey. All responses are treated equally.

Q6: What does “completely confidential” mean. How do I know that my data will remain private?

A6: We have received and we rely upon a written assurance from *Mercurius* that the measures taken to maintain the confidentiality of your data meet the highest commercial standards. We separate your submitted data from your identity immediately that you submit it. Not even you can access it to change it once it is submitted. We also undertake to destroy all the data that has been collected once the final report is written.

Q7: Are heritage motorbikes and their owners included in the survey?

A7: Absolutely! We are pleased to report that we are already receiving responses from the owners of heritage motorbikes all over Australia.

Q8: Can I forward the link to my friend?

A8: **Absolutely NOT.** One of the issues we have to keep in mind is the potential for the survey to be hacked by a bored teenager with nothing better to do. We have to do our best to keep control of it. Please forward the details as listed in Q1, especially the email address, to communications@motorheritage.org.au and we will do the rest.
